

CLAIMS

3' 1. (currently amended) A biologically active extract comprising an extract from at least one plant selected from the group consisting of ~~Aframomum~~ Aframomum *aulocacarpus*, *Aframomum daneilli*, *Dracaena arborea*, *Eupatorium odoratum*, *Glossocalyx brevipes* and *Napoleonaea imperialis*, wherein said extract is obtained using an organic solvent. ~~wherein said extract is extracted using an organic solvent.~~

2. A biologically active extract according to claim 1, wherein said extract is from *Aframomum aulocacarpus*.

3. A biologically active extract according to claim 2, wherein said extract comprises a Labda-8(17), 12 diene-15,16-dial compound.

4. A biologically active extract according to claim 1, wherein said extract is from *Aframomum daneilli*.

5. A biologically active extract according to claim 4, wherein said extract comprises a Labda-(8)17,12 diene-15,16-dial compound.

6. A biologically active extract according to claim 1, wherein said extract is from *Dracaena arborea*.

7. A biologically active extract according to claim 6, wherein said extract comprises Mannispirostan A.

8. A biologically active extract according to claim 1, wherein said extract is from *Eupatorium odoratum*.

9. A biologically active extract according to claim 8, wherein said extract comprises Sakuranetin.

10. A biologically active extract according to claim 1, wherein said extract is from *Glossocalyx brevipes*.

11. A biologically active extract according to claim 1, wherein said extract is from *Napoleonaea imperialis*.

12. A biologically active extract according to claim 1, wherein said extract is from at least one of roots, stem bark, leaves, fruits or seeds from said plant.

30. (currently amended) A biologically active extract according to ~~as recited in~~ claim 1, wherein said solvent is selected from a group consisting of hexane, chloroform, ethyl acetate and methanol.

82

B2 31. (currently amended) A biologically active extract according to ~~as recited in~~ claim 30, wherein said solvent is methanol.

B4 32. (currently amended) A biologically active extract according to ~~as recited in~~ claim 30, wherein said solvent ethyl acetate.

36. (new) A biologically active extract according to claim 11, wherein said extract is obtained from powdered seeds of *Napoleonae imperialis*.

B3 37. (new) A biologically active extract according to claim 36, wherein said solvent is selected from a group consisting of hexane, chloroform, ethyl acetate and methanol.

38. (new) A biologically active extract according to claim 37, wherein said solvent is methanol.

39. (new) A biologically active extract according to claim 37, wherein said solvent is methanol.
